# THE PLACE

Yangon, at one time called Rangoon, was founded by King Alaungpaya on the site of a small settlement called Dagon when he conquered Lower Myanmar in 1755. The City is home to institutions such as the National Museum and Bogyoke Museum displaying the country's historical events but it's best to discover Yangon by being on the streets mixing with the people. Throughout the metropolis, numerous food stalls, historical sites, art galleries, souvenirs and markets are yours to explore. The most sacred Buddhist pagoda in Myanmar, Shwedagon is existing as a prominent landmark. Many places still retain some of the charm of a bygone era and there are many ways to become acquainted with the city.

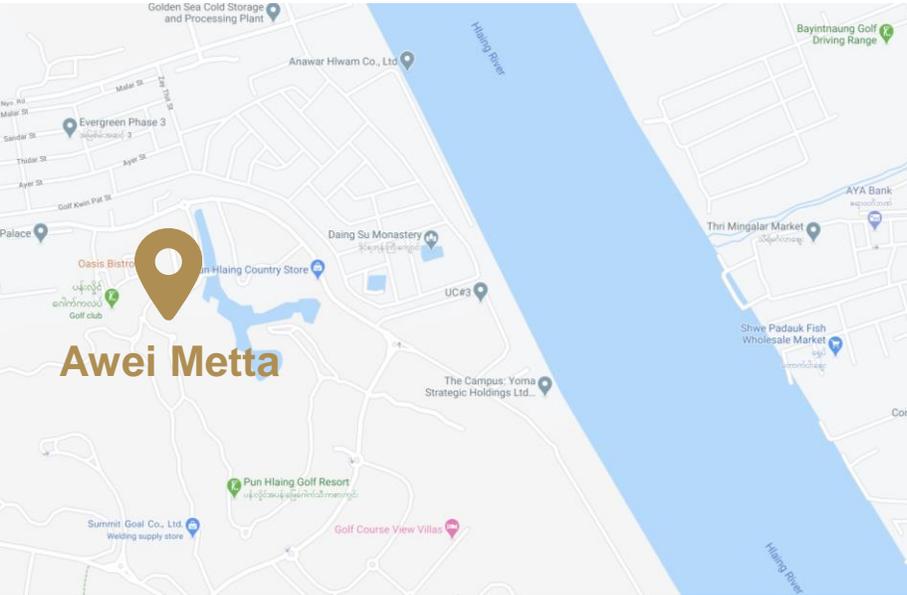

The Resort is set amidst a world class 18-hole Gary Player designed golf course in Pun Hlaing Estate, Hlaing Tharyar Township, Yangon.
