## LUXURY SAILING CRUISE HOLIDAYS IN MYNAMAR

### The Mergui Archipelago

Located across from the Thai border, the Mergui Archipelago only opened up to outsiders as recently as the 1990s. With only a few of the 800 islands home to a sparse population, The Moken, and a scarce amount of visitors to the region each month, the Mergui Archipelago remains one of the planet's most unspoiled destinations.

Think white beaches lined with palm trees and dense jungle. think swimming in azure water amongst colourful reef fish, spotting coral and collecting seashells. Now picture eagles circling above, gibbons and monitor lizards eyeing you from the thickets, while a sundowner is being mixed for you on board of the yacht. Best of all: you have this experience to yourself. you can sail for days on end and not see a soul except the odd fisherman in a dugout canoe.

### Our fleet

Our fleet is composed of luxury sailing & motor yachts, between 15-30m and welcomes up to 11 guests.

Our yacht are fully equipped with electricity, air condition, water maker and water sport equipment. Each boat has a well experienced captain, crew and local guide.

### Our flagship SY Meta IV

SY Meta IV is entirely made of Thai teak and designed by the famous naval architect Thomas E. Colvin. She measures over 25 meters in length and almost 6 meters in width. She features a spacious triple stateroom, 4 guests cabin, 4 bathrooms, 3 dining areas (Inside & outside) - with so much space you could almost forget that you are actually spending your holidays on a yacht.

Our crew has extensive knowledge of the Archipelago that will open the portholes to discover the hidden gems of the Mergui islands in combination with a culinary journey throughout South East Asia and a high standard of service & safety.
